

## **Centre for Management Studies Management Development Programme 2016**

### **About CMS**

The Centre for Management Science (CMS) was formed in 2002 by the Dibrugarh University. The basic objective of CMS is to create human resource in the field of Management Science. The centre operates under the School of Commerce & Management Science. The Post graduate programme offered by the centre leads to the MBA Degree and is regulated by the All India Council for Technical Education (AICTE). The centre also offers undergraduate programme leading to the BBA Degree and the PhD programme in accordance with the UGC Guidelines.

The academic and the research programmes of the CMS are dynamic and are designed to cater to the changing needs and trends in the conventional and emerging areas of Business Economics and Business Administration.

### **Management Development Programme**

The CMS extends its academic benefits to the young entrepreneurs and the personnel from the corporate sectors through periodic organisation of Short Term Programmes. Often, these programmes are organised in association with the faculty members from reputed institutions of the country like the IIMs, Tata Institute of Social Sciences and CL Educates, etc.

### **MDP 2016**

The CMS is organising a two day MDP on December 22 and 23, 2016.
